ACTI-VERA™

CERTIFICATIONS

STIMULANT

WHAT IS ACTI-VERA™?

Acti-Vera™ has been designed to protect the immune system, increase metabolism and enhance nutrient absorption in all sorts of plants.

Bringing our plants for plants theory to life

Acti-Vera™ makes plants stronger and healthier, both inside and out. It protects and activates the immune system, increases germination and plant metabolism – breaking down sugars and enhancing

nutrient absorption. It really is a super, natural power product for plants – and it's 100% vegan.

The most important difference between our other **Biobizz®** products that are derived from the ground or sea and **Acti-Vera™** is that this organic botanical activator comes 'out of a plant, for a plant'. Or to put it another catchy way 'plants for plants'!
