WHAT IS ALG•A•MIC™?

Stress-free, happy plants generally produce larger fruits. And **Alg•A•Mic™** comes to the rescue if they've suffered from overfeeding, deficiencies, diseases or fluctuations in temperature.

Seaweed extracts in Alg•A•Mic™

As early as 3000 B.C., seaweed has been harvested

for food, medicine and fertilizer. **Alg•A•Mic™** is a revitalizing product, made from a high grade, organic seaweed concentrate extracted through cold pressing, rather than chemical solvents. This high level of natural nutrition caters to the whole spectrum of a plant's needs, resulting in plenty of verdant green foliage.
